## **DETAILED ACTION**

### ***Newly Submitted Claims***

Newly submitted claims 43-56 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

The invention originally claimed (1-15, 41-42) was drawn to wireless transmitter, classified in class 455, subclass 91 and have been elected on Jun 09, 2003 without traverse. However, the newly submitted claims drawn to different inventions. This is clearly independent and distinct from the originally presented invention.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 43-56 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Conclusion***

1. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
